

ADSS optical cable manufacturer agent

Article Overview

Leading ADSS optical cable manufacturers include AFL, ZTO Cable, Rayoptic, and Abptel, all offering global distribution and agent support for aerial fiber installations.

Key Manufacturers and Agents

1. AFL AFL produces ADSS (All-Dielectric Self-Supporting) fiber optic cables suitable for both distribution and transmission environments. Their cables are non-metallic, support their own weight, and can be installed in live-line conditions. AFL also manufactures compatible attachment hardware, simplifying network design and installation. Their Flex-Span ADSS line offers flexible fiber counts and span lengths for diverse project requirements . AFL has a global network of agents and distributors for project support. 2. ZTO Cable ZTO Cable, based in China, specializes in ADSS cables for power lines, long-span aerial, and telecom projects worldwide. They offer a full range of fiber optic solutions, including outdoor/indoor cables, OPGW, FTTH drop cables, and hybrid solutions. ZTO provides direct factory pricing, fast production cycles (2-3 weeks), and global shipping. Their sales team can provide quotations, free samples, and technical support for international buyers . 3. Rayoptic Rayoptic manufactures ADSS cables designed for aerial installations with spans from 50 to 200 meters. Their cables feature a twisted loose tube structure with water-blocking compounds and aramid reinforcement, ensuring durability and reliability in outdoor networks. Rayoptic supports agents and distributors for regional deployment and offers cost-effective solutions for high-speed data transmission . 4. Abptel Abptel produces high-quality ADSS cables in China, compliant with IEC standards. Their cables support single-mode and multi-mode fibers up to 144 fibers and are suitable for aerial installations alongside high-voltage power lines. Abptel provides a comple...
