

Reputable Spectrometer Supplier

Overview

Use this guide from the leading photonics information portal to compare major types, define selection criteria, find suppliers and arrive at defensible purchasing decisions: Click on a logo to get to the details of that supplier's offer. Our list of suppliers for that category contains 133. ACD/Labs is a leading provider of scientific software that helps assemble digitized analytical, structural, and molecular information for effective decision-making and problem-solving. We. Air 2 Gas Tech produces a range of laboratory gas generators for Spectroscopy users. Advanced Technology: High-matrix interface, gas dilution system, high-power LDMOS generator, and customizable software, for superior sensitivity, stability, and. This section provides a list of the top 10 Spectrometer manufacturers, Website links, company profile, locations is provided for each company. Also provides a detailed product description of the Spectrometer, including product introduction, history, purpose, principle, characteristics, types, usage. The global spectrophotometer market was valued at USD 19. The market is projected to grow at a CAGR of 7.
